

Rapid Antigen & PCR Testing at Likuliku Lagoon Resort

Likuliku Lagoon Resort in partnership with **VanMed** Labs Fiji (a Fiji Ministry of Health approved COVID-19 Testing Lab), is providing all resort guests, the following:

Rapid Antigen Test (RAT)

(Fiji Government requirement on day two in the country and/or required by certain home countries to re-enter ie Australia & the USA)

Covid RT PCR Test

(Required by certain home countries to re-enter)

Rapid Antigen test (Day 2 of your stay/24hrs after your arrival into Fiji) will be conducted at the Resort with results available immediately. If you have arrived from another resort either on the mainland or island, a RAT will also be required on day of arrival.

NOTE: For stays arriving from 7th April 2022, it is a Fiji Government requirement to pre-book and prepay for your 2nd day test prior to departure and the booking confirmation shown as part of your airline check-in documents in order to board your flight. The website for this is: <https://www.entrytestfiji.com/>

Covid-19 RT PCR swabs will be taken in the morning (within the required pre-departure time-frame of your home country, prior to your international departure) at the Resort and sent to the **VanMed** Lab located in Nadi with results available within 24hrs.

Costs are as follows in Fiji Dollars including all Taxes/Fees:
