

Pure Fiji is a natural bath and body products manufacturer which caters to the exclusive spa and salon industry. Founded 12 years ago by Gaëtane Austin and her daughter Andrée, Pure Fiji began research, development, and production of their uniquely Fijian products around the family kitchen table. Organics and natural products are popular now, but Pure Fiji has always appreciated the numerous benefits of coconut oil and the myriad of botanical and herbal curatives and remedies that have been utilized by the Fijian people hundreds
